January – March 2018

Those who don't remember their ancestors don't deserve to be remembered!

From The Editor

What can I say about the last three months other than as a winter, it has been strange! Even our friends in New York state are complaining.

The Texas weather has been very unusual. Some years I get to plant my garden by the 1st of February, not this year. I just got it planted around the 1st of March. Now in early April, the garden looks great but there is a cold spell going through with temperatures down to 40 degrees for a couple of mornings.

Trish and I have our summer vacation planned back to Europe. We leave early June. By going earlier we should see some beautiful early flowers that are not blooming in July. We shall be gone two months with one week on Italy and another in Switzerland. We usually drive about 3000 miles while in Europe.

Maggie

We have another great grandchildren with the birth of Magnolia June "Maggie" Gabbert on February 15, 2018. Awesome head of black hair, beautiful. She is the daughter of our daughter Julie's daughter Rachael (Hensley) Gabbert and her husband Chad.

Around the house, we had our annual Easter Egg hunt for our other little ones. We recently had nephews visiting, Jerry and Lannis Ethridge and their wives from North Carolina and from England our nephew Guy Warmoth. We really enjoyed their first time visit to our home.

It continues to get harder and harder to put the newsletter together. My wife ask why do I include so many obituaries, I told her that since I have published the books, that I have run out of articles. Obituaries are plentiful since so many of us are dying. So if you have an article for the next newsletter, please send it to me. I would love to have some old family stories of our heroes that have gone before us or just great articles. There will come a point in time that I will just have to end the newsletter. I have said that before but it is getting closer as I get older.

Trish Peele

I continue to wonder about our country, so many young folks do not understand the values that we were taught when we were youngsters. It is annoying to see how our country has changed. For us older ones, we lived in the "better" times. The lack of respect for our office leaders is alarming. I do not think it will change back.

Until next time, I pray that each of you continue in good health and that God blesses you in all your endeavors.

Family Finder DNA

Are you Scandinavian?

On the recommendation of Cousin Don Kincaid, my wife Trish and I both paid for the “Family Finder” DNA test with FamilyTreeDNA.com. The results were funny to me, I had a good laugh, but the results were also supportive of our Peele ancestry as shown in my book, the ***Peele Heritage***.

It is a very enlightening DNA test in that as part of the results, FamilyTreeDNA.com provides you, the customer, with online links to other customers who have taken the test and who reasonably match your DNA by sheer numbers of matching markers. FamilyTreeDNA.com displays the names of those, who have been tested, that may be for example, your 2nd – 4th cousins, 3rd - 5th Cousins, etc. This is based upon simple logic by matching their DNA markers to your DNA markers. The more the markers match, the better the chance of a positive match to the same family.

My wife Trish is English. Her parents were diehard European. Her father, Federick Harritt, was born in England and was 100% English. Her mother, Margaritha Bertha Wilhelmina Mary Scheuber, was born in Switzerland and was 50% Swiss (father) and 50% Irish (mother). From family Finder DNA, I expected her origin to be 100% European.

On the other hand, I am a twelfth generation born American. I did not know what to expect as my origins. But remember we come from Lawrence who came from England in 1620, so I thought I should have some European DNA, but how much?

For those who have my books, remember that Chapter 1 of the ***Peele Heritage*** is a reprint of Sir Jonathan Peel’s “The Peels, a Family Sketch” written in 1877. In it, Sir Jonathan Peel tells that the Peele family of England came from a Danish Chieftain (Warlord) named Ligulf who came to England in 994 with King Sweyn, King of Denmark. A quote from page 10 of the Peele Heritage book:

Ligulf seems to have been one of a considerable number of Sweyn’s followers, who after the king’s departure in 996 or 997, remained behind and settled peacefully in the north, where settlements of their countrymen, with rights and laws expressly reserved to them by Dunstan, Archbishop of Canterbury, had long existed. The northmen became rich and powerful, and were held in fear by the Anglo-Saxons, who spoke of them as the “Lords Danes”. Ligulf acquired lands which afterwards constituted the manors of Bolton-Juxta-Bolland, Brunesford, Triborge, Dalton, Malcheton, and several others, all in the West Riding of the County of York. He died in the time of King Canute the Great [1016-1035], and left with other children, two sons, Turchil and Dunstan, who were joint Lords of Tadcaster in the reign of Edward the Confessor, and the ancestors of several English families, some of which are still in existence.

For clarification, King Canute the Great was the son of King Sweyn Forkbeard who came to England in 994. He reigned over England from 1016 – 1035, Denmark from 1018 – 1035, and over Norway from 1028 – 1035. King Canute’s birthdate is unknown but estimated between 985 and 995.

As shown in The English Family Tree in Chapter 2 of the Peele Heritage, there are several prominent families that descent from Ligulf once surnames became common, those being Bolton, Remington, Midhope, and of course our family line -- Peele. That heritage makes these family lines descendants of Scandinavians.

Back to the DNA. Trish and I got our results. Mine came first since I had other DNA tests previously performed and the company had my DNA on file. We had to swath Trish's DNA sample and send it which took several weeks to get the results. I had peeked at my results but waited with anticipation for my wife's results.

We received an email saying that Trish's result were now complete. Together we looked at the web site, logging in one at a time. We went into Trish's account first to get her results and jotted down some interesting notes. There are several clickable buttons on the web site for obtaining information on each test. Two of which are MyOrigins and AncientOrigins. Then we checked mine.

WOW! This just blew me away. We looked together in amazement. Trish is only 98% European and I am 99% European. I am more European than my wife who was born in England from European parents.

One of the buttons is for "MyOrigins" – click. Here is a chart showing our differences in Geographic locations:

MyOrigins	Trish	Horace
British Isles	83%	53%
East Europe	15%	4%
West & Central Europe		17%
Southeast Europe	<1%	
West Middle East	<1%	
East Middle East	<1%	
Undetermined		<1%
Scandinavian		25%

Another button "AncientOrigins" - click. The following chart shows life style of our ancestors:

AncientOrigins	Trish	Horace
Metal Age Invader	13%	10%
Farmer	42%	42%
Hunter-Gatherer	44%	48%

The 25% Scandinavian DNA in my bloodline supports the Ligulf-Danish Warlord theory and supports connecting the Peele family of America to that of England. We do not know where connect yet but truly, DNA is telling us that we come from the line as documented by Sir Johnathan Peel in 1877.

But I still find it both amazing and amusing that the old country farm boy from North Carolina is more European that the lovely lady that I traveled all the way around the world to find and marry!!! I tease her hard about this one!

But there is even yet another mystery which we have not investigated. The Family Finder DNA results gives each person a list of other people who have close DNA matches. While logged into my wife's account, I used the mouse to traverse the long list of potential cousins and

spotted a cousin of my own listed for her. I spotted the record for Victoria Rigdon Haley listing her as a possible 3rd - 5th cousin of my wife. I stopped immediately and checked my own database. I am a 5th cousin to Victoria through the Peel family in Georgia.

I contacted Victoria and she sent me a link to her family tree. But I have yet had time to explore. How are Victoria and Trish related?

If you are interested and I am not pushing or advertising for Family Tree DNA, but it is enlightening to see the results of this test. Try it, you may have fun with it trying to contact all the potential cousins and asking them who there are connected to in your family? Great time consuming adventure!

Emails From Cousins

I received a nice letter from Cousin Frank Manning Peele about the death of his brother James Bailey “Jimmy” Peele, Jr. He enclosed a copy of the obituary. Frank said that he and his wife have settled into their new villa at Westminster Canterbury on the Chesapeake Bay – VA Beach. “A Very good move! We love it!”

As in many families, Frank is now the last of his immediate family. Likewise, my immediate family is down to just Marvin and I. Recently, Marvin was in the hospital with congestive heart failure. He recovered and went home with a prescription for the lifesaving “water pills.” That is what my Mother “Miss Annie” used to call them. She always asked “how can such a little pill make you go water?”

Genealogical Line — 12th generation to Lawrence: **Mary Falls¹² Peele** (Luther Martin¹¹, Benjamin Franklin¹⁰, William "Bill"⁹ Peelle, Robert⁸, David⁷, Robert⁶, Robert⁵, Robert⁴, Robert³, Robert², Lawrence¹). [Mary is my half second cousin. We both descend from William Bill Peele but from different wives.]

I was curious about the older surviving sister "Adele Clark of Laurinburg" as stated in the obituary. I looked at my data base and made a guess that she may also be living in the Scotia Village. I called the Scotia Village and they connected me to Adele. Adele had her 100th birthday on the 25th of January. We spoke briefly, I wished her Happy Birthday. I wanted to know if anyone had written an article on her for her birthday but did not find one. Adele told me that she was real busy planning her sisters funeral.

My friend Carol Braswell from Laurinburg went to see her. Carol reported that Adele has a sharp mind and is very alert. God does bless some of us with long lives. Adele, like my mother, both reached 100. My brother Marvin will be 94 in August. And many of you have received this same blessing of longevity from God. God bless you all.

Zion's Landmark

Zion's Landmark is The Primitive Baptist newsletter published from 1867-2012 by the P. D. Gold Publishing Company in Wilson, NC. Articles from Zions have been contributed by Cousin J. Robert "Bobby" Boykin of Wilson. The style of writing in Zion's Landmark is filled with neat old style phrases. The following article was published September 1, 1947.

Ephraim Peel

Ephraim Peel, son of Noah and Millie Ann Roberson Peel, was born June 22, 1872, and died April 20, 1947, making his stay on earth 74 years, 10 months, and 28 days.

He united with the church Saturday before the second Sunday in October, 1928, and was baptized by Elder J. W. Rogerson.

He was married in early manhood to Lydia Margaret Roberson. To this union were born three children, Caddie, George and Essie Peel.

Brother Peel, following a line of worthy ancestors, lived a noble life, one above reproach, a man useful in his neighborhood, his church and his country, hating no one and loving everybody, ever regarding himself as a stranger and a pilgrim on earth, and looking for a city which has foundations whose maker and builder is God.

He often expressed himself to the writer that he knew his journey on earth was almost ended, but he would not have it otherwise, and would not change it if he could, that he felt to be as well prepared to go as he ever would be, and that God was all his salvation and all his desire.

Brother Peel was badly afflicted in his last years, from having a broken thigh which never healed sufficiently so that he could ever walk without crutches. This affliction impaired his usefulness in visiting the churches, which he loved so much to do. With this affliction, which seemed so grievous, he did not murmur nor complain, but like a true soldier of the Cross he endured all things as seeing Him who is invisible.

A great man in Israel has fallen, one whom we did not want to part company with, but he had served his generation faithfully, lovingly, without reward or hope of reward, but with him it was a labor of love. "Blessed are the dead who die in the Lord, yea, henceforth, sayeth the Sprit – they rest from their labors and their works do follow them."

Genealogical Line -- 9th generation to Lawrence: **George Ephraim⁹ Peel** (Noah⁸ Peel, Colonel, Thomas⁷, John⁶, Robert⁵ Peelle, William⁴, Robert³, Robert², Lawrence¹) was born 22 Jun 1872 in Martin Co., NC¹, and died 20 Apr 1947 in Tice Cemetery, Near Piney Grove Church, Martin Co., NC. I show another unnamed female married to a Mr. Griffin. I do not know if this is a duplicate of Essie Marie Peel below. Does anyone know? Also George Marion Peel married his third cousin, Lillian Peele, daughter of Charles Peele and Crissie Peele. Lillian's parents were 1st cousins once removed.

Children of George Peel and Lydia Roberson are:

- 2 i. Caddie¹⁰ Peel, born 08 Oct 1899. She married Noah Reddick Peel; born 26 Nov 1888 in Martin Co., NC²; died 18 Jan 1957 in Tice Cemetery, Near Piney Grove Church, Martin Co., NC.

According to one family tree on Ancestry.com, George Ephraim Peel had 18 brothers and seven sisters for a total of 26 siblings in the family. I only have 21 of those 26 in this family. He was the youngest sibling. If anyone can provide the missing siblings, please contact me. Some folks disagree with the connection of Noah Peel's grandfather John Peel (1750-1836) to Robert Peelle (1712-1782). See the Peele Chronicles for my justification. Here is my tree for Colonel Naoh Peel:

Notes for William Hyman Peele:

!Dr. Levy Smithwick Yates' skill was demonstrated by an incident that occurred some time after the Civil War. He and Dr. Jordon of Jamesville went to see a man who was injured in the log woods of Dymond City. Both men went empty handed, so far as instruments for surgery were concerned, but they found the injured man, Llewellyn Whittaker, with a crushed leg that necessitated amputation. Mr. Hyman Peele was sent to the nearest house where he got a butcher knife and a handsaw. After sharpening them, he carried the "instruments" to the doctors. The three men proceeded to take the man's leg off in the woods. Mr. Whittaker resumed work after a brief passage of time, and residents now living in Williamston recall his activities as a fish dealer for many years afterwards.
